

***Oceanteam** provides high quality support to offshore contractors all over the world through its fleet of large and advanced offshore vessels (Oceanteam Shipping), and its expertise in (rental) marine equipment, cable logistics and design engineering (Oceanteam Solutions). Oceanteam focuses on economically and technically challenging projects for clients in the oil and gas and renewables industries. In addition, we are among the few companies in the world to combine high-end engineering know-how, DNV GL certified shipping and expertise, DNV ISO certified solutions and special purpose equipment in a single 'one-stop shop' service.*

## **Senior Accountant Amsterdam**

*Accounting – Control*

We are looking for a solid Senior Accountant to work closely with the Group Controller and finance team.

**As Senior Accountant you will** ensure that the accounts for the group and for all the legal units in the group are always current and to ensure that internal financial systems are up to date for the internal and external reporting cycle.

Your general responsibilities will be:

- Support group functions such as the time sheet application and inter-company accounts together with Finance Norway.
- Support the managing and controlling of the various business units.
- Support management with financial analysis, models, forecasts and budgets and make sure it is up to date at all time.
- Overall support of financial controlling, monitoring, process flows, internal controls and audits together with Oceanteam management.
- Assist in preparing the monthly forecast for finance managers, including updates and import to the accounting system Navision.
- Assist in the tender process (prepare and model financial scenarios for tender models and company budgets) for marine assets.
- Assist the Group Controller with input to the tax planning and accounting for non-Norwegian entities and make sure they are tax / fiscal compliant.
- Assist the Group Controller by keeping the Orange Book up-to-date regarding the fixed assets register.
- Contribute to the analysis of budgets and OPEX for the business units.
- Contribute to the reconciliation / control balance and P&L of all companies and group level after closing by Group Controller.
- Assist in the implementation and development of the group accounts / financial structure.
- Ensure that the financial internal controls are followed and continued to develop the group's financial internal controls.

**We are looking for** candidates who are driven, and possess a can-do attitude. You have a hands-on approach and enjoy “doing the work”. You will be based in Amsterdam, The Netherlands. The right candidate has a minimum of five years’ experience from senior accounting or auditing positions, preferably from related businesses.

**We offer** a position that ensures personal growth in a global company with high growth ambitions. You will work closely with a very experienced and competent team. We offer an attractive compensation package and benefits.
